

## **Green Youth Project at Sri Vimalabuddhi Primary School, Dangolla**

The second phase of the Green Youth Project was initiated at Sri Vimalabuddhi Primary School, Dangolla, Sri Lanka on 4<sup>th</sup> March, 2024. The project is conducted by the University of the Sacred Heart, Japan, in collaboration with Keio University, Japan, and the Postgraduate Institute of Science, University of Peradeniya, Sri Lanka, aiming to build a community in which youngsters in Dangolla act as a self-help green youth community for environmental education.

This project is funded by the Japan International Cooperation Agency (JICA). Prof. Yoshiyuki Nagata, University of the Sacred Heart, leads the project, while Dr. W.D. Chandrasena, Faculty of Science, University of Peradeniya, coordinates the activities in Sri Lanka.
